

FOR IMMEDIATE RELEASE

No Scary Ingredients in Halloween Treats – Event Promoted by Eco-Friendly Party™

September 27, 2011 Orange County, CA.

Eco-Friendly Party™ - the only environmentally conscious online party planning service, is helping to promote a **Healthy Green Halloween** by educating families about healthier choices for treats.

To kick off their green awareness campaign Eco-Friendly Party™ is promoting the “**Tricks for Treats**” event at **Erick Will Gymnastics** to be held on **October 29th from 4:00pm to 6:00pm in La Habra, CA**. This event is organized by **Stalders Booster Club** and the proceeds benefit **USA Gymnastics Children’s Miracle Network**. This Halloween event will be introducing “**Free of Scary Ingredients**” treats. At this event, kids can enjoy a traditional Halloween and get organic edible treats that are **Free of Scary Ingredients** thanks to sponsors like Made Drinks.

Monica Sanchez, founder of Eco Friendly Party™, LLC is inviting everyone to use **EcoFriendlyParty.com** to plan their Halloween parties online. Monica said, “On **EcoFriendlyParty.com** party hosts have access to countless simple healthy Halloween party ideas and our free electronic invitation system with an Eco-twist. Site users find everything they need to throw a healthy Halloween event including Organic Food Providers, Eco Friendly tableware, edible and non edible treats”.

“We are trying to set an example by helping support the **Erick Will Gymnastics Halloween event**. By doing this, we are making sure kids get healthier Halloween edible treats with any scary ingredients that are banned in other countries for the effects they produce in the body and the brain such as certain artificial colors and flavors, synthetics, pesticides, preservatives and genetically modified ingredients. By making the right choices, for treats, we can have a great “trick or treat” event that is fun, safe and healthy for Kids”.

Founder of Eco Friendly Party™ LLC, Monica Sanchez is inviting everyone to plan a healthier greener Halloween and start your party at

<http://www.ecofriendlyparty.com/healthy-halloween> and increase the number of healthy Halloween parties around USA
